ITatOnce Business driven scalable Cloud Hosting Solution.

The ITatOnce Cloud is engineered from the ground up to be extremely dynamic, resilient, and highly scalable allowing us to add more servers or resources instantly. Our Cloud Hosting infrastructure becomes fully adaptive to any commercial changes so you can focus on growing your business while we maintain your server hardware.

Enterprise Benefits. Lower Cost.

By moving to the ITatOnce Cloud you will get all the benefits of an enterprise class infrastructure for a fraction of the outlay. You can drive down costs by removing underutilized server hardware and focus on business growth. The need for capital expenditure is vastly reduced because the ITatOnce Cloud offers a predictable, low monthly fee.

Seamless Backup

Our EMC or HP Storage units offer advanced snapshot features which work in tandem with VMware to provide a seamless backup solution for your entire cloud hosting environment.

Improve Agility and Reliability

- Enable faster time to market
- Improve availability and scalability
- Improve disaster recovery and data backup

Reduce Costs

- Lower total cost of ownership
- Reduce IT hardware and services costs
- Reduce data center facility costs

ITatOnce Hosting Platform allows companies to move their applications to a hardened datacenter and run their business on 100% virtual server platform saving time and money.

Our Hosting Platform is on Vblock Infrastructure Packages - EMC, Cisco, VMware
